## FUNDING OF SCHOLARSHIP

- The scholarship pays per semester for eight consecutive fall and spring semesters, beginning with the fall semester following graduation from high school. The counselor's office will inform you of the exact scholarship amount.
- Upon proof of acceptance of admission at the college/university, the money for that semester will be sent to the school for the student's credit.
- Upon enrollment for each semester thereafter, funds will be sent to the school.
- Prior to each semester, the student must send proof of enrollment and a copy of the previous semester's transcript to the Bank Coordinator. A grade point average of 2.5 (on a 4.0 scale) must be maintained each year to obtain funding for the next year.
- Failure to maintain the required grade point average results in permanent loss of funding for both semesters of the following year. Each year is dependent upon the previous year.
- For any year not funded, that money is lost to the student. No carry forward is allowed. However, if the loss is not the final 2 semesters, the student can receive funding for the next two semesters following the year not receiving funding by maintaining the required grade point average during the unfunded year. For example: if during the first year of school, the student grade point average is 2.35, no funding is made for the second year. But, during the second year, if the grade point average is 2.5 or greater, the student can obtain funding for the third year.
